

LATE BUS TRANSPORTATION

Two late buses will run on Tuesdays, Wednesdays and Thursdays, beginning Tuesday, September 11th to provide late (4:00 p.m.) transportation. This transportation is available to any student who participates in any extra curricular activity, tutoring or detention assignment that is supervised by a teacher or coach.

Students will board these buses in front of the school; the buses will depart promptly at 4:00 p.m.

Please review the bus routes carefully to determine which stop is closest to your house. These late buses do not stop at individual houses. In many cases, students will need to walk a significant distance from the bus stop to their house.

A student must submit a completed permission form to their first period teacher before permission to ride the appropriate late bus is approved.

When a student stays after school for a school-related activity the coach or teacher with whom the student spends that time, will provide a ticket to ride the bus. **Every student must have a ticket to board the bus.**

I understand that riding the late bus is a privilege and I will exhibit appropriate bus-riding behavior at all times. I understand that I must have a daily "bus ticket" in order to ride the late bus. I understand that the late bus only provides transportation for students who participate in supervised after-school activities.
